

Dehumidifier LD44

Wood's®

Intelligent drying room dehumidifier for large families - Made in Sweden

Efficient dehumidifier with increased capacity - for faster drying and dehumidification in larger areas

The LD44 is more than a dehumidifier - It fully blow-dries the laundry. The LD series is developed especially for laundry rooms, drying rooms, and basements. Thanks to smart and energy-saving functionality, you get back a full 780W of heat for every litre of water vapour.

Digital control with smart programs

The LD44 is equipped with four easy-to-set digital program modes: Laundry - dries the laundry dry at high fan speed. Easy - dehumidifies automatically and economically to 50% relative humidity with low fan speed. Fan - when only air circulation is needed. Normal - for dehumidification to desired results.

Unmatched dehumidification and drying in one

The LD44 dries the laundry by dehumidifying and direct heat dissipation while effectively dehumidifying even large, complicated areas. At the same time, the dehumidifier counteracts the presence of mould, odours, and mites. All LD models are designed to operate, "whisper quiet" (48-55 dB) on their low fan setting.

Swedish quality with 10 year guarantee

All dehumidifiers in the LD series are sturdy and durable, plus have a 10-year guarantee, provided that the filter is changed annually.

- Dehumidifier for drying laundry in larger households
- Dehumidifies the entire laundry room or basement
- Dries laundry faster and more efficiently
- Adjustable exhaust directs the hot air
- Features an auto-restart function to previous settings in the event of a power cut
- Easy to connect to a hose (connector for 1/2" hose included)
- Removable 11.4 litre tank with convenient handle
- Made in Sweden from recyclable material
- Robust wheels for easy mobility
- 10 year warranty
- Environmentally friendly refrigerant R290
- Smart defrost with i-EcoDefrost
- Operating temperature range + 2°C to + 35°C
- Quiet operation (48-55 dB) on low fan setting
- Energy efficient
- IP-X1 Rating

Digital display

Specification	LD44
Max. working area	140m ²
Recommended area	10-140m ²
Airflow step 1	160 m ³ /h
Airflow step 2	300 m ³ /h
Capacity at 20°& 70%RH	11 liter
Capacity at 30°& 80%RH	19 liter
Power at 20°C & 70% RH	285 W
Power at 30°C & 80% RH	390 W
Working interval	2-35°C
Tank volume	11,4 liter
Fan speeds	2
Dimensions LxWxH	460×345×580
Dimensions incl. box LxWxH	570×378×640
Weight	22,5 kg
Weight (incl. box)	25 kg
Sound level dB (A)	47-58
Cooling media	R290
Gas	115g
IP Rating	IP-X1
EAN	7332857502004
