

Dehumidifier LD48Pro+

Wood's®

Maximum capacity drying room dehumidifier - Made in Sweden

Best choice for drying laundry in shared laundry rooms - maximum capacity and energy efficiency, all in one

The LD48Pro+ is a drying room dehumidifier with maximum air flow and capacity, specially developed for drying laundry and dehumidification in more demanding spaces. It generates 780W heating power for every litre of water vapour that is dehumidified and the laundry is dried. The LD48Pro+ is the best choice for property owners and shared laundry rooms.

Smart control and economical with digital programs

The LD48Pro+ has a digital control panel with four smart programs: Laundry - dries the laundry dry at high fan speed. Easy - dehumidifies automatically and economically to 50% relative humidity with low fan speed. Fan - when only air circulation is needed. Normal - for dehumidification to desired target values. Easy mode is the property owners' best friend, as the machine runs in a very energy-efficient fan mode, without a compressor but with a maintained drying effect.

Optimized dehumidification and drying of laundry

With the LD48Pro+, the laundry is quickly dried with directed exhaust at the lowest possible energy cost, while the entire space is dehumidified efficiently. The dehumidifier also counteracts the presence of mould, odours, and mites. All LD models are designed to operate, "whisper quiet" (48-55 dB) on their low fan setting.

Swedish quality with 10 year guarantee

All dehumidifiers in the LD series are sturdy and durable, plus have a 10-year guarantee, provided that the filter is changed annually.

- Best choice for property owners and shared laundry rooms
- Specially adapted for cost-effective drying of laundry
- Dehumidifies the entire laundry room or basement
- Dries laundry quickly and efficiently - Adjustable exhaust directs hot air
- Features an auto-restart function to previous settings in the event of a power cut
- Easy to connect to a hose (connector for 1/2" hose included)
- Removable 11.4 litre tank with convenient handle
- Made in Sweden from recyclable material
- Robust wheels for easy mobility
- Made in Sweden
- 10 year warranty
- Environmentally friendly refrigerant R290
- Smart defrost with i-EcoDefrost
- Operating temperature range + 2°C to + 35°C
- Quiet operation (48-55 dB) on low fan setting
- Energy efficient
- IP-X1 Rating

🇸🇪 Best choice for property owners!

Specification	LD48Pro+
Max. working area	180m ²
Recommended area	10-180m ²
Airflow step 1	160 m ³ /h
Airflow step 2	300 m ³ /h
Capacity at 20°C & 70%RH	16 liter
Capacity at 30°C & 80%RH	31 liter
Power at 20°C & 70% RH	450 W
Power at 30°C & 80% RH	630 W
Working interval	2-35°C
Tank volume	11,4 liter
Fan speeds	2
Dimensions LxWxH	460x345x580
Dimensions incl. box LxWxH	570x378x640
Weight	25 kg
Weight (incl. box)	27,5 kg
Sound level dB (A)	48-60
Cooling media	R290
Gas	130g
IP Rating	IP-X1
EAN	7332857501991
